

John Doe
Software Engineer

Email: john.doe@example.com

Phone: +44 7700 900123

Location: Budapest, Hungary

Summary

Experienced software engineer with 6+ years building scalable web applications, APIs, and microservices.

Strong background in JavaScript/TypeScript, Node.js, React, and cloud platforms (AWS, GCP).

Professional Experience

Senior Software Engineer, Acme Tech — 2021–Present

- Led the migration of a monolith to microservices, reducing deployment time by 60%.
- Built robust REST and GraphQL APIs with Node.js and TypeScript.
- Implemented CI/CD pipelines using GitHub Actions and Docker.

Software Engineer, WebStart — 2018–2021

- Developed React front-end applications with performance optimizations.
- Wrote server-side Node.js services for internal tooling and automation.
- Collaborated with designers to improve UX and accessibility.

Education

BSc Computer Science, University of Technology — 2014–2018

Skills

-
- Languages: JavaScript, TypeScript, Python
